What happens in case of missed premiums?

A grace period of 30 days is available to pay the due premium. This period starts from the due date of each premium payment. In case of death during grace period, the Death Benefit under the policy will be payable after deductions of the premium then due.

However, if you fail to pay your premium before the expiry of the grace period:

- **Where your policy has not acquired Surrender Value:** Your policy will Lapse.
- **Where your policy has acquired Surrender Value:** Your policy will continue with reduced benefits (as a Reduced Paid-Up policy).

What happens once your policy Lapses or becomes Reduced Paid-Up?

Lapse:

If you have not paid the due premiums for the first two full years within the grace period, the policy lapses. Life cover ceases and no benefits will be paid under the lapsed policy till the policy is revived.

Reduced Paid-Up:

If the premiums due under this policy have been paid for at least first two full policy years and subsequent premiums are not paid, then the policy will acquire Reduced Paid-Up status. The reduced Paid-Up policy will continue with the following benefits:

Death Benefit under Reduced Paid-Up policy:

On death of the Life Assured during the policy term death benefit (as defined above) multiplied by Paid-Up factor will be payable. It is defined as follows:

$$\text{Paid-Up Sum Assured on Death} = \frac{\text{Total Number of premiums paid}}{\text{Total Number of premiums payable}} \times \text{Sum Assured on Death}$$

Maturity Benefit under Reduced Paid-Up policy:

On survival of the Life Assured to the end of the Policy Term, the Paid-Up Guaranteed Maturity Benefit will become payable and the contract ceases immediately.

$$\text{Paid-Up Guaranteed Maturity Benefit} = \frac{\text{Total Number of premiums paid}}{\text{Total Number of premiums payable}} \times \text{Guaranteed Maturity Benefit}$$

Surrender Benefit under Reduced Paid-Up policy:

On surrender of Reduced Paid-Up policy, the Higher of Guaranteed Surrender Value or Special Surrender Value will be paid, and contract gets terminated.

Can you restore your Lapsed/Reduced Paid-Up policy to the original benefit levels?

You can revive your Lapsed/Reduced Paid-Up policy within five years from the due date of the first unpaid premium by following these simple steps:

- Giving a written request to the Company within 5 years from the due date of first unpaid premium and producing a proof of continued insurability

- Paying the outstanding premium amount with the applicable interest rate, currently 9% p.a. for FY 2023-24
- The prevailing interest rate is calculated as equal to 10 year G-sec benchmark interest rate as on last working day of the previous financial year +1.50%, rounded up to the next multiple of 25 basis points and is compounded on half yearly basis.
- Fulfilling all medical and financial requirements as required by the Company as per the Board approved underwriting policy (the cost of medical examination, if any, will be borne by you i.e. policyholder/ Life Assured).

The Company reserves the right to accept or reject the revival of Lapsed/ Reduced Paid-Up Policy as per the Board approved Underwriting Policy. Once the policy is revived, all the benefits will be restored to original benefits level, any due and unpaid benefit shall be paid immediately.

Can the plan be discontinued in between?

Life insurance works best if you pay regularly and for the long-term.

However in case of an emergency/ contingency, you can surrender your policy anytime during the Policy Term, provided it has acquired Surrender Value. Policy acquires Surrender Value after payment of first two full policy years' premiums.

Surrender Value

The Surrender Value payable will be higher of Guaranteed Surrender Value (GSV) or Special Surrender Value (SSV).

Guaranteed Surrender Value

The Guaranteed Surrender Value is the GSV Factor multiplied by the total premiums paid (Excluding Applicable Taxes and Extra Premium, if any). The GSV Factors are furnished in the table below.
